

Step 5

Find your squares from last week. This is where it all comes together and the Mystery is solved.

Actually, we aren't going to be much help to you here – not for nothing did we call it Anything Goes.

Arrange your squares into a pleasing design. Stitch them together.

Turn them into a cushion, bag front, table mat, wallhanging – depending on how many you made and how big your squares are.

Here's one we made earlier – it's a bag front and back.

And a few ideas courtesy of EQ –
