

This week we continue making up blocks from all that labelled stuff you kept safe.

Block 2 is made as follows

2 Unit 4 from Step 9 at the top corners

2 Unit 3 from Step 8 at the bottom corners

4 Flying Geese 3 units from Step 5 north, south, east and west

1 C square from Step 1 at the centre

As before, lay out the units and assemble into strips. Press and trim then join the strips to make the block. Follow the diagram above carefully.  
Make a total of 4 Block 2, press and trim.

Label as Block 2 and put back in the safe place.
