

By now we are getting very close to the end of this Mystery Project.

This week we are making the final block, Block 3

4 Unit 2 from Step 7 at the corners

4 Flying Geese 2 from Step 5 north south east and west

1 D square from Step 1 at the centre

Assemble and join the units into strips then into the block, following the diagram above.

Label as Block 3 and put with Blocks 1 and 2.
