

## Mystery Monday 7

### Step 4

It's the last week for making Flying Geese.

You'll need Fabrics B1, B2, A and D

From Fabric B2 cut 16 rectangles  $4\frac{1}{2}'' \times 2\frac{1}{2}''$   
From Fabric B1 cut 32 squares  $2\frac{1}{2}''$

Again, following the instructions in Step Two, make a total of 16 Flying Geese units

Label these units FG3 and put in that safe place

From Fabric D cut 4 rectangles  $4\frac{1}{2}'' \times 2\frac{1}{2}''$   
From Fabric A cut 8 squares  $2\frac{1}{2}''$

By now it should be really easy to make just 4 Flying Geese units

Label these units as FG4 and put into a safe place.
