

Mystery Monday 7

Step 5

This week we're going to do a little light piecing and pressing – nothing too strenuous!

You will need all the labelled Flying Geese units and the rectangles you cut in Step 1.

Pair and join rectangles D with Flying Geese units A-B1-A taking care to have them look like the picture

Label these new units Flying Geese 1

Pair and join rectangles B1 with Flying Geese units A-D-A, again making sure that you follow the picture

Label these units Flying Geese 2

Now pair and join the remaining Flying Geese units B1-B2-B1 and D-B1-D – refer to the picture and check the position

These units will be labelled Flying Geese 3

Return everything to a safe place.
